High-trajectory launchings from Gaza Strip and Sinai

Throughout November 2013 5 mortar shells were launched** towards Israel, in 4 attacks, as opposed to October: 3 rockets and 2 mortar shells (in 3 attacks).

****Clarification:** The number of launchings is the number of rockets/mortar shells actually launched during one high-trajectory fire attack. For example: one attack may include a salvo of three launchings, that is, three rockets/ mortar shells, and so it will be counted as one attack and three launchings.
