High-trajectory Fire from the Gaza Strip and the Sinai Peninsula

In July 2018, 67 rocket-launching* attacks (with 118 launches) were directed from the Gaza Strip at Israel. 29 such attacks (with 76 launches) had taken place in June.

***Clarification:** The number of launchings is the number of rockets/mortar shells actually launched during one high-trajectory fire attack. For example: one attack may consist of three launches, that is, three rockets / mortar shells, and so it will be counted as one attack and three launches.
